ABOUT US

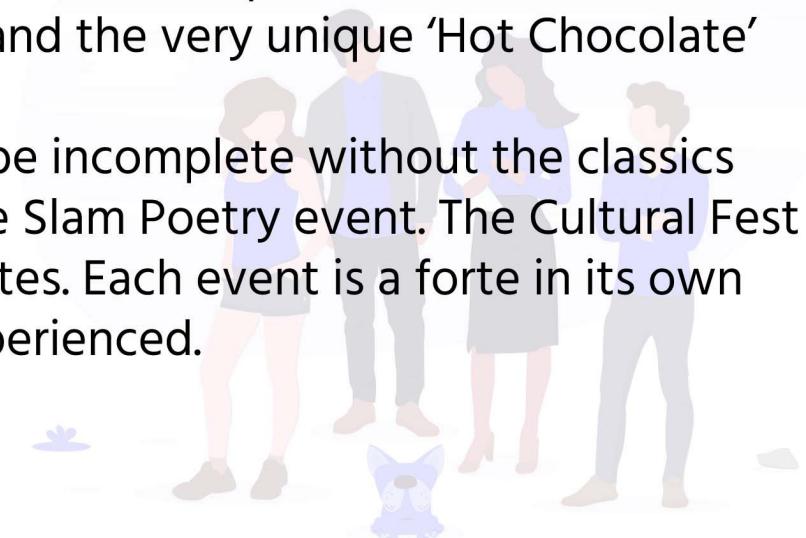

A vertical decorative panel on the left side of the page features two large, stylized letters, 'F' at the top and 'Q' at the bottom, both rendered in orange with blue diagonal stripes. They are set against a background of blue and purple geometric shapes.

Our cultural fest is where the poets, dancers, musicians and writers congregate to make magic happen.

We have an array of almost twenty events that cover the entire gamut of the performing, literary, and creative arts. The blend of events reflects the diverse clubs that we have on campus, thereby, bringing with it the assurance that each of the events under this mini-fest has been meticulously crafted by our in-house specialists of the field. This is where you will find the crowd-pleasers such as the Verve, Equalizer, and Viral Vocals. Events such as Block and Tackle and Vissionaire provide the perfect balance of intellectualism and imagination.

Staying true to our roots, we have events such as Academic Writing and Paper Presentation that seek to bring out the unseen analysts and researchers out there! Further, we have some fascinating events like solo dancing and stand-up comedy. Our wide spectrum of events also consists of a painting competition and the very unique 'Hot Chocolate' contest, for the first time ever!

Of course, the Cultural Fest would be incomplete without the classics such as InGenius, Rangmarch or the Slam Poetry event. The Cultural Fest is indeed a box of assorted chocolates. Each event is a forte in its own right that is to be savoured and experienced.
